CHILSON'S

Centennial Wrought Iron Furnace

Is taking the lead, having improvements which puts it far ahead of anything now in the market. These furnaces are made of the *best plate iron*, riveted together like a steam boiler, which makes the escape of gas and dust an impossibility, and insures a mild, healthful atmosphere. They are easily managed, and very economical in the consumption of fuel. All in want of a heating apparatus are invited to an examination of their merits.

PREFACE.

The usual time has elapsed since the last **DIRECTORY OF NEW BEDFORD** was published, and the many changes in business and residence of the citizens make a new edition very much needed.

We have endeavored to present a trustworthy record of the inhabitants, business firms, public officers, institutions and societies of New Bedford, and we trust we have succeeded in so doing, to the satisfaction of our patrons and the public generally.

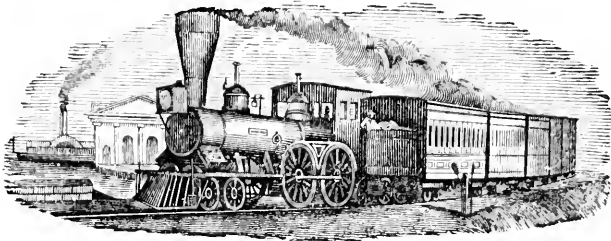

We have been engaged in compiling and publishing Directories for nearly twenty years, and our experience during that time has enabled us to so systematize and extend our business, that, from a comparatively small beginning we now publish more Directories than any firm in this country, and probably in the world. We keep constantly employed, a large corps of canvassers, compilers, proof-readers, printers, and binders, and the utmost care is taken in each department to avoid errors, and present our works in an acceptable manner to our patrons.

Many thanks are due to those live business-men who have so willingly aided us in our efforts this year, and hoping we may merit a continuance of the same in the future, we remain,

Very respectfully,
GREENOUGH & CO.

ASK YOUR FATHER, OR GRANDFATHER, WHAT THEY KNOW ABOUT

FOSTER'S CELEBRATED NERVE OINTMENT

And they will tell you that

Forty Years Ago it was the great cure for Neuralgia, Rheumatism, Sprains, Sore Throat, and PAINS of every description. It is as good now as it was then. Every family should have a bottle handy, in case of accident. Send orders to

LOCALITIES OF INTEREST

IN AND ABOUT THE CITY.

ACUSHNET. That is a village usually known as the Head of the River, about three and a half miles in a northerly direction from the City Hall. The westerly part is in New Bedford, and the easterly part in Fairhaven, divided by the Acushnet river. The parts are united by a stone bridge. Pine Grove Cemetery is near the village.

ACUSHNET HEIGHTS. That portion of our territory known by this name is in the northwest part of the city, commencing at the head of Willis street. Here are some of the most beautiful private residences of our city; and the view which includes the river, the harbor, the bay, and adjoining shores, villages and islands, is one of the finest in the country.

BELLEVILLE. This name was, many years ago, given to a spot on the bank of the Acushnet river, about one mile south of Acushnet village.

CANNONVILLE. A portion of the westerly part of the city, in the neighborhood of the meetinghouse on the Smith Mills road, is known by this name, thus called in honor of one of our citizens whose labors in behalf of the people there will long be remembered.

CITY COMMON. This beautiful spot is in the north part of the city, and is bounded by County, Purchase, Pope, and Pearl streets. A very handsome monument to the soldiers and sailors who lost their lives during the war has been erected by the city, at a cost of about \$13,000.

CLARK'S POINT. This point forms the southerly part of the city. It has the waters of the river on the east and of Clark's Cove on the west. Its length is about two miles. At its southern extremity is a large tract of land belonging to the United States, on the river side; at the extremity of the point is a lighthouse, west of which the Government is erecting an extensive fortification. Around this point, a distance of about four and a half miles, is a road not surpassed, if equalled, by any public drive in this country. It commences at Cove street, near the Orphan's Home, and follows the shore from thence along the western, southern, and eastern boundaries of the point, until it terminates in the street where it has its beginning. It is eighty feet wide, smooth and level, and in its course commands a series of views of surpassing loveliness and beauty. The cove, the bay, the river, the shores, the islands and ledges, the lighthouses, steamers, and sailing craft of every description, the city on the one side, its sister town of Fairhaven on the other, the noble bridge between, and the forest-like show made by the shipping of both, constitute a series of pictures, which renders a ride or a walk over this road most delightful and attractive. The City Farm and Almshouse is located on the Point.

FISH ISLAND. The bridge from the city to Fairhaven passes over this island. Several wharves, an extensive coal-yard, an oil factory, a marine railway, and a boat manufactory, are connected with it.

FOUR CORNERS. The space formed by the intersection of Water and Union streets. This has been a somewhat noted spot in our local history. Near this was erected the first village house, and it may still be regarded as a business centre. The banks, insurance offices, lawyers' offices, etc., are nearly all in this vicinity.

ROCKDALE is about one mile north of Cannonville, on Rockdale avenue.

POPE'S ISLAND. This island derives its name from a family long known and respected among us. The bridge between the city and Fairhaven passes over it. It lies nearly in the centre of the river.

PALMER'S ISLAND, upon which the United States Government has a lighthouse, is at the mouth of the inner harbor. The main channel lies east of it. It affords a good protection from the high southerly winds. A house of entertainment is kept upon it.

PUBLIC CEMETERIES.

There are three public cemeteries in the city.

The Rural Cemetery is in the south part of the city, on the west side of Dartmouth street, about one mile from the City Hall. Also an entrance on Rural street from Allen street.

The Oak Grove Cemetery is in the west part of the city, on the north side of Smith and Parker streets, about one mile northwest of the City Hall.

The Pine Grove Cemetery is situated on the road leading to Tarkilm Hill near Acushnet village.

QUARANTINE.

Port Physician.—Charles L. Swasey. Office 93½ Middle street.

The quarantine ground is bounded as follows:—Butler's flats on the south, the east shore of Clark's point on the west, the Eleven Foot Bank on the north, and the Egg Islands on the east.

All the losses of this agency for the last forty years, amounting to upwards of **ONE MILLION OF DOLLARS**, have been promptly paid, without any litigation, and it is the agent's intention to pursue the same course in future.

BRISTOL COUNTY MUTUAL FIRE INSURANCE Co.,

Incorporated in 1829.

OFFICE, NO. 44 NORTH WATER STREET,
NEW BEDFORD.

The Bristol County Mutual Fire Insurance Company insures against loss and damage by fire on buildings only, not exceeding the amount of three-fourths of the value of said buildings.

The present amount of property insured by this Company is upwards of

\$6,000,000.

Each person or company, by its agent, insured at this office, becomes, *ipso facto*, a member of the corporation during the time for which he is insured.

The insured is required to give a deposit note for such rate of premium on the amount insured as may be agreed upon, and to pay at the time of receiving his policy five per cent on the amount of said note. The following case will explain the principle: a policy is made on a dwelling-house for \$2,000, for seven years, at a premium of ten per cent, which is \$200, for which sum the insured gives his premium note; he pays cash five per cent on the note, \$10. In case losses should exhaust the amount received on the premium notes as aforesaid, then the insured will be liable to an assessment on said notes.

The cheapness of insurance in this Company is shown by the fact that for the last seven years the cost has been only

9 1-3 CENTS ON \$100 PER ANNUM,

which includes all expenses and costs for collecting assessments.

Blank forms for application for insurance may be had at the office.

We have no unadjusted losses.

We desire to caution the public against parties pretending to be *traveling agents* of the Company. No such agents are employed. Persons desiring reliable information concerning our affairs, can always obtain it of the officers of the Company, at our office, No. 44 North Water Street.

The success of the Company in avoiding litigation is worthy of remark, it never having been a party to a suit.

DIRECTORS.

PIANOS

AT GREAT BARGAINS.

WOODWARD & BROWN

Have Removed to the Large and Elegant Warerooms,

690 Washington Street, a few doors North of Kneeland Street.

The remarkable beauty and purity of sound that modern skill has succeeded in producing, are nowhere better exemplified than in the instruments that crowd our warerooms. All the qualities that give superiority, strength of tone, sonorousness, ability to stand in tune, and ease and flexibility of action, are found there in perfection. These Pianos have long been famous, also, for thorough workmanship, and the durability that characterizes them. After years of service, the full, mellow tone, so delightful and satisfying to the ear, is as perfect as at first, and in every detail care and nicety in labor are evident.

At the recent Worcester County Exhibition they were awarded the highest premium. The same was the case at the last great Exhibition and Fair of the Massachusetts Charitable Association, held in Boston, of which the late Jonas Chickering was the president, and his pianos took the second prize. They will stand in tune longer than any other piano manufactured, as we make a specialty of that point.

Pianos sold on Installments. Old Pianos taken in Exchange for New. Pianos to let. Pedal Pianos. Tuning and Repairing done in the best manner. DON'T FORGET THE NUMBER,

690 Washington Street.
WOODWARD & BROWN.

CODMAN & SHURTLEFF,

13 and 15 Tremont Street, BOSTON,

MANUFACTURERS AND IMPORTERS OF

SURGICAL and DENTAL INSTRUMENTS,

Besides a complete assortment of articles intended for the exclusive use of the Medical and Dental professions, have always in store, at the lowest prices, a great variety of the following articles, suited to the wants of the general public:—

TRUSSES.

A large assortment of best patterns from which to select, to meet the requirements of each case. If convenient, persons requiring Trusses should call at our establishment, where they can have a suitable Truss carefully fitted by a competent and experienced person familiar with the anatomy of hernia. When a call in person is impracticable, a careful description should be sent, stating whether the rupture is on the right or left side; also the measure around the person, two inches below the top of the hip bone. If the rupture is at the naval, the measure should be around the body at the naval. **N. B.**—Ladies attended by those of their own sex.

ELASTIC HOSE,

For Varicose Veins, Swollen Limbs, and Weak Joints. Of these goods we have several classes of silk and cotton, possessing different degrees of elasticity, the stout silk being usually the most satisfactory. The sizes are full length (of leg), three quarters, half or knee hose, knee caps, and anklets. Unusual sizes made to order. Also,

Elastic and Spring Abdominal Supporters, Shoulder Braces, Suspensory Bandages, Apparatus for Weak Ankles, Bow-Legs, Club-Feet, Etc.
Also, Crutches of various and most improved kinds; Syringes, Rubber Urinals, to wear on the person day or night, for Males and Females; Galvanic Batteries, Hearing Trumpets, Auricals and Conversation Tubes for the Deaf.

Together with many articles for the use of the SICK and INVALIDS. Also, the largest and best assortment of

Atomizers and Nasal Douche,

To be found in the United States. A GOLD MEDAL has lately been awarded us by the Middlesex Mechanics Association, as will be seen from the following report, signed by a leading New England Surgeon and Physician:—

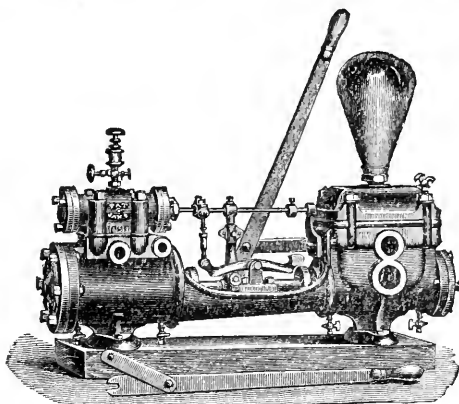

“1593. CODMAN & SHURTLEFF, Boston, Mass. One Case Surgical Instruments and Atomizers.

“The Committee have no hesitation in awarding for this superb exhibition the highest premium. * * * The various other instruments for inhalation of atomized liquids, and for Local Anæsthesia, were all apparently faultless, both in design and workmanship. The exhibitors are regarded as more especially deserving of the highest token of merit for having produced nothing except their own manufacture.

GOLD MEDAL. (Signed), GILMAN KIMBALL, M. D., Chairman.”
